Auditing, Accounting and Advisory Services

For School Districts, Charter Schools and Colleges

NISIVOCCIA LLP
Certified Public Accountants & Advisors

Business Administrators Today Need *Comprehensive* Financial Advice.

Government regulations, reduced budgets and increased services and material costs are all challenging the operations and affordability of providing a quality educational environment today. Whether a school district, charter school or college, business administrators need a trusted advisor they can count on to provide accurate financial data and quality financial advice. Moreover, they need a trusted advisor who can assist them with budgetary and accounting regulations, complex transactions, grant submissions and local issues.

Partner with Nisivoccia LLP

For over 40 years, Nisivoccia LLP has been a leader in the area of accounting and auditing for school districts, charter schools and colleges. Our specialized team of partners and professional staff are expert in the complexities of school entity oversight and regulations, and accomplished at performing financial audits and compliance reviews. In addition, by participating in local association and professional organization meetings, we understand your environment and stay abreast of key issues and potential developments.

Services to Support Business Administrators

Committed to a hands-on approach and backed by over 150 years of industry experience, we are in a unique position to help solve the most complex issues. Our professionals gain a full understanding of the operating and financial policies, issues and objectives of the entity and provide a service plan to meet and exceed business goals. Our clients also have access to our complete accounting and advisory services portfolio and the support of our entire firm throughout the year. Our services specifically for school districts, charter schools and colleges include:

- Year-end fund balance projections
- Understanding of financial reports
- Year-end and budget strategy advice and assistance
- Expert and timely advice on *grant accounting and administration, internal control processes, new government regulations and auditing requirements*
- Payroll and tax support
- Guidance on food services and student activities as well as other enterprise funds

We can help you Succeed

As Business Administrators your responsibilities are diverse. In addition to overseeing the budget and financial performance of your school – insurance policies, maintenance contracts, transportation agreements and capital projects also require your attention. Nisivoccia LLP will partner with you and your organization to provide the necessary research, expert advice and an experienced team to help you meet your business goals.
